

**News Release** – September 17, 2007

**WING Inc. Awarded State of Maryland Commercial Off-the-shelf (COTS) Master Contract Award valued at \$70 Million for a 5 year term.**

Laurel, Maryland, September 17 – WING, Inc. announced today that it has been awarded a Department of Budget and Management State of Maryland Commercial Off-the-shelf (COTS) Master Contract Award valued at \$70 Million for a 5 year term. The Department of Budget and Management (DBM) issued a RFP to procure Commercial Off-The-Shelf (COTS) software, Installation and Training services for the COTS software, and Manufacturer’s Software Maintenance, for the State of Maryland. Through this Master Contracts awarded as a result of this solicitation, the State will have a flexible means of obtaining these products and services, quickly, efficiently and cost effectively by issuing Purchase Order Requests for Quotations (PORFQs) specific to its needs.

“We are very excited and proud about this contract and the opportunity to once again service the State of Maryland,” said Nikki Williams, CEO of WING. “In addition to our Master Contract status for the State of Maryland CATS contract, we see this contract as an added value to our State Practice and a strong component to our commitment in offering the best value in product and services to the IT industry.”

WING is a holder of all three functional areas of this award:

- 1) Functional Area I – COTS Software
- 2) Functional Area II – Installation and Training Services
- 3) Functional Area III- Manufacturer’s Software Maintenance

**About WING**

WING, Inc was founded in 2001 and is a Howard County company with an Operations Site office located in Columbia, Maryland. Established as a member of State of Maryland’s Small Business Reserve (Maryland SBR) program and registered as a State of Maryland Minority Owned Enterprise (MDOT-MBE), WING is also certified as a United States Small Business Administration (SBA) 8(a) Business Development Program and Small Disadvantaged Business (SDB).

Our services range from Unified Communications and Collaboration, Managed Network Services, and Solutions Development including Content/Document Management, Database Design and Management, Active Directory Implementation and Maintenance, and Custom Software Solutions for Regulatory Compliance such as HIPAA, SOX and Section 508.

Our skilled and professional staff is complimented by teams of business analysts, engineers, and scientists. We maintain partnerships with Industry Leaders such as Microsoft, Citrix, CA, Symantec and other enabling technologies utilized in the industry. As a customer-driven, solutions-focused company, WING’s core goal is to understand each customer’s objectives, working collaboratively to develop service expectations, and then exceed those expectations.
