

**News Release** – June 29, 2006

**WING Inc. Awarded GSA IT Schedule 70 for SINS 132-33, 132-34, 132-50 & 132-51**

Laurel, Maryland, June 29 – Williams Information Network Group (WING) announced today that it has been awarded a Federal GSA IT Schedule 70 Contract under the contract number GS-35F-0458S. Under this contract WING will be providing Perpetual Software Licenses, Maintenance of Software, Training Courses for IT Equipment and Software and Staff Resources for Information Technology (IT) Professional Services to the Federal Government and all GSA Buying Partners.

WING is also proud to announce that through its VAR partner program with enteo Software, Inc. we are Letter of Supply (LOS) holders for their industry-leading suite of products that automate software/operating system maintenance and deployment. Williams Information Network Group is a Competence Partner of enteo.

“We are very excited about this contract and the opportunity to service the Federal Government,” said Nikki Williams, CEO of WING. “As a compliment to our Federal 8(a)/SDB status, we see this contract as a added value to our Federal Practice and a strong component to our commitment in offering the best value in product and services to the IT industry.”

The Information Technology (IT) Schedule, schedule number 70, was established by GSA to provide government agencies with solutions for their various information technology requirements and allow those agencies to procure the products and services they need. This multiple award schedule grants agencies direct access to the commercial experts who can thoroughly address the needs of the government IT community through twelve Special Item Numbers (SINs). This Schedule is currently open for use by federal, state, and local government agencies. State and local government agencies are able to purchase off of GSA's IT Schedule 70 by way of Cooperative Purchasing.

**About WING**

Williams Information Network Group Inc. (WING) is a Howard County company with an Operations Site office located in Elkridge, Maryland. Established as a member of State of Maryland's Small Business Reserve (Maryland SBR) program and registered as a State of Maryland Minority Owned Enterprise (MDOT-MBE), WING is also certified as a United States Small Business Administration (SBA) 8(a) Business Development Program and Small Disadvantaged Business (SDB).

WING was founded in 2001 to provide Solutions Development, Network Design and Integration, Computer Consulting Services, and Professional Real Estate Services to all sectors of commercial business and government. As a customer-driven, solutions-focused company, WING's core goal is to understand each customer's objectives, working collaboratively to develop service expectations, and then exceed those expectations.
